

HEAD OF FINANCE (a. g.)

Location: Greater Frankfurt a. M.
Reference: HF-HE

GROWING ETHNIC FOOD WHOLESALER

- Our client is a successful wholesale company in Germany, which recently has been acquired by an international food group specializing in ethnic foods
- With appr. 50 employees, our client generates sales in the mid double-digit Mio. € range with customers in traditional ethno-retail and increasingly also in classical German retail (REWE etc.)
- In the now starting post acquisition phase our client is focusing on process harmonisation with the international group and further professionalisation in close collaboration with the new owners
- To support this process and to offer a committed Finance Business Partner for the new Managing Director (MD) in Germany, we are now looking for an agile Head of Finance (a. g.)
- The job holder will be part of the German management team and has two reporting lines: to the German MD and the international Group CFO

MAIN TASKS

- Leading the Finance & Controlling department within Germany
- Managing the finance integration of the business into the group
- Establishment of a professional organisation, processes and tools
- Coordinating the external accounting firm, Overseeing month-and year-end closings and statutory audits and ensure compliance with German accounting and tax regulations
- Developing reliable management reporting and KPIs
- Supporting IFRS reporting and consolidation and implement reporting standards of the group as well as internal controls and risk management
- Monitoring of cash flow and liquidity, maintaining banking relationships

YOUR CHANCES

- Assumption of a newly created leadership role and position of trust, working in close cooperation with the German MD and the Group CFO
- Working in an entrepreneurial environment with a high degree of creativity and freedom to design structures and processes
- Strong exposure to Group senior management and opportunity to contribute to the development of the German business
- Key role in building a promising, profitable growth story
- Driving force behind strategic initiatives and contributor to the company's successful future orientation

Growing food segment

Freedom to maneuver

Internationality

YOUR PROFILE

- At least 5-8 years of management experience as a manager/director of Finance & Controlling (a. g.) in a comparable role/company size
- Expertise in set up and development of teams and organisations
- Exposure to post-acquisition integration, transformation or change environments would be an advantage
- Exposure to international business environments, familiar with IFRS and with German accounting and tax regulations
- Strong experience with ERP and BI/reporting tools
- Hands on approach combined with strong leadership and internal as well as external communication skills
- Fluent German and Turkish are mandatory, combined with business-fluent English
